### PREFACE

This report is one in a series on Soviet Ground Force and Logistic installations being prepared for a DIA CIA Panel. The series is being coordinated, published and disseminated by NPIC. The photographic analysis is being performed by the NPIC Photographic Analysis Group, the CIA Photographic Intelligence Division (NPIC), and the Production Center 1P1a (DIA). The photographic analysis for this particular report was performed by the Production Center 1P1a.

In the interest of uniformity, the titles and letter designators for the facilities observed at these installations are identical with those appearing in the project requirement. When a specific facility is not observed both its title and letter designator are omitted in the report.

Titles and letter designators for the various facilities are as follows: (A) railroad service, (B) road service, (C) landing strips, (D) administrative and troop housing areas, (E) storage areas, (F) ammunition storage areas, (G) POL storage areas, (H) other buildings and facilities, (J) equipment storage maintenance areas, (K) athletic fields, (L) small arms firing ranges, (M) driver training areas, (N) tank assault gun firing ranges, (P) flat trajectory firing ranges, (Q) artillery emplacements (batteries), (R) infantry or combined arms field training areas or courses, (S) special training facilities, (T) unidentified facilities or tracking activity.

#### SUMMARY

Sovetsk Army Barracks Central is located approximately 900 meters south of the Neman River railroad bridge at Sovetsk, and approximately 365 meters east of Sovetsk Army Barracks West (Figure 1).

This installation covers approximately 41 acres, and contains multistory barracks, administration and support buildings, storage buildings, vehicle storage/maintenance buildings, and a school hospital (Figures 2 and 3).

A secured POL storage area is located approximately 1,200 yards southwest of the barracks installation. This area covers approximately 7 acres and contains 6 large cylindrical tanks, 5 small cylindrical tanks, 2 support buildings and open storage.

25X1D

#### DESCRIPTION OF INSTALLATION

##### Railroad Service

The barracks area and the POL storage area both have rail access.

##### Road Service

The barracks area and the POL storage area are both served by city streets.

##### Administration and Troop Housing Area

Area D contains 1 multiwing school hospital, 3 multistory barracks, 1 L-shaped bar-

racks administration building, 1 T-shaped administration building, 7 storage buildings, 6 support buildings, 1 L-shaped support building, 1 vehicle storage building, 420 by 60 feet, and 1 vehicle maintenance building, 270 by 115 feet.

##### POL Storage Area

Area G contains 6 cylindrical tanks, each 60 feet in diameter, 5 cylindrical tanks, each 40 feet in diameter, and 2 support buildings.
